

# SPRINT365

## makes you a Collaboration expert

**SPRINT365** is an application is to support professionals in the different field to effectively collaborate and communicate in the workplace. Current work environment has been diverse to the point where each individual posses different professional terms. To implement business collaboration and increase productivity, our team, print(), represent **SPRINT365**. This application provides interpretation for professional terms or slangs that are frequently used and translated into readable words for non-professionals in other departments. Also, we provide description of the each word to help better understanding of the work process. This will lower the communication barriers between the members and enhance the collaboration of the whole corporate community which will eventually yield better and happier corporate culture.
